DOSING PUMP BASE

Support for Iflowcontrol dosing pump, this design allows you to easily fix any dosing pump, ensuring quick and safe installation. The support raises the pump, keeping it fixed and stable during operation, facilitating maintenance and access to the equipment.

MATERIAL CHARACTERISTICS

Electrogalvanized steel

OPERATING CHARACTERISTICS

Designed to be installed on flat, horizontal surfaces (floor).

Supports one metering pump unit per bracket.

Made of electrogalvanized steel for greater strength and durability.

It has four holes that allow the pump to be fixed from below safely and stably.

Elevates the pump, ensuring convenient access and maintenance.
